OFFICE MEMORANDUM.

The undersigned is directed to forward, for the information and guidance of the Finance Department, etc., a copy of the Memorandum of Supplementary Instructions connected with the orders contained in the Home Department Resolution no. F. 14|17-B.|33-Ests., dated the 4th July 1934. A separate reference is being made in regard to the proposed exclusion of services and posts with high technical and special qualifications from the scope of the orders.

Necessary instructions in regard to the criterion to be followed in determining the community to which a candidate belongs will be sent later.

The Departments are requested to bring to the notice of the Home Department any points on which these instructions may require amplification or modification.

Memorandum of Supplementary Instructions connected with the orders contained in the Government of India, Home Department, Resolution no. F. 14|17-B|33-Ests., dated the 4th July 1934.

1. *Minority communities.*—Subject to any special orders which may be issued in connection with Section IV of the Resolution, the term "other minority communities" covers the following four communities only, *viz.*, Anglo-Indians including Domiciled Europeans, Indian Christians, Sikhs and Parsis.

2. *Application of orders to inferior posts.*—Subject to any special orders which may be issued regarding any particular class of inferior servants, the orders contained in the Resolution do not apply to inferior posts.

3. *Application of orders to temporary appointments.*—The orders contained in the Resolution apply to temporary vacancies lasting three months or longer (including vacancies in permanent posts filled temporarily by persons not permanently in Government service). Vacancies for a period of less than three months may, if suitable candidates belonging to a particular community are not readily forthcoming, be filled without regard to communal considerations. Similarly, vacancies originally sanctioned for a period of less than 3 months and extended thereafter need not necessarily be filled in accordance with the orders contained in the Resolution unless the period of extension is 3 months or more. But special care must be taken to see that the orders are strictly applied

(*i*) After paragraph 3, insert the following as paragraph 3 (*b*) :

"A person holding a purely temporary vacancy, who has no substantive post under Government, must, if appointed to a permanent post, be treated as a direct recruit."

vided in the case of Special Class Apprentices in the Mechanical Engineering and Transportation (Power) Department of the Superior Revenue Establishment of State Railways [*vide* Railway Department (Railway Board) Notification no. 2387-E.G., dated the 18th October 1934], the orders contained in the Resolution apply to paid apprentices.

5. *Application of orders to each grade or division of a service, etc.*—(*a*) The percentages prescribed for minority communities are to be applied to vacancies (as distinct from posts) in each grade or division of a service to be filled by direct recruitment and not to vacancies to be filled by promotion, which will continue as at present to be made solely on merit and seniority. It is not the intention to reserve all future vacancies for Muslims and other minority communities, or to stop or postpone recruitment from the majority community, till the prescribed percentages of posts in a grade, division or service are held by Muslims and members of other minority communities.

(*b*) A person holding a post to which the orders contained in the Resolution do not apply (*e.g.*, an inferior servant) must, if appointed to a post to which the orders do apply, be treated as a direct recruit.

6. *Minimum standards of qualifications.*—In accordance with rule (*v*) in para. 7 (1) of the Resolution, minimum standards of qualifications applicable to all communities alike should be prescribed for each grade, division or service to which recruitment is made direct. No fresh restrictions in other respects should be introduced except with the previous approval of the Governor General in Council.

7. *Procedure for filling vacancies.*—A minimum of 12 vacancies (out of which 3 will go to Muslims and 1 to other minority communities) is required to give proper effect to the rule reserving 25 per cent. of vacancies for Muslims and 8 1|3 per cent. of vacancies for other minority communities. If the number of vacancies in a particular year is less than 12 (or is not a multiple of 12) it will be necessary to keep a running account from year to year as in the model rotation below :—

1 unreserved vacancy.
1 Muslim.
2 unreserved vacancies.
1 Muslim.
2 unreserved vacancies.
1 other minority community.
2 unreserved vacancies.
1 Muslim.
1 unreserved vacancy.

(*ii*) After paragraph 7, insert the following as parts (*b*) and (*c*), respec-

a—

fil. (*b*) Unreserved vacancies are open to all communities on their merits, unt. but when a member of a minority community obtains an unreserved vacancy, a corresponding reduction should be made in the number 8. of vacancies reserved for that community. For example, if *munitie* Muslims are entitled to three vacancies out of twelve and one basis ar Muslim obtains an unreserved vacancy on his merits, two more of candic cancies only should be given to Muslims by reservation; if following lims obtain on their merits more than the number of vacancies

(1) ved for them, no vacancies should be given to them by re-

As regards locally recruited services, the question as to the papers in which vacancies should be advertised is left to the local Head of the Department. If in any area a sufficient number of qualified candidates for a particular service or post are not forthcoming from the minority communities to fill the reserved percentage of vacancies, the local Head of the Department should communicate the deficiency of qualified candidates to the Societies, if any, recognized by the local Government concerned as representative of the minority communities in the locality and should invite the Societies' co-operation in bringing the existtence of vacancies to the notice of suitable candidates. It should, however, be made clear to the Societies—

(1) that their functions are limited to the following matters :—

(*a*) to bring to the notice of suitable candidates any examinations for recruitment to the services for which they could usefully enter and any advertisements of appointments to be made by selection ;

(*b*) to advise candidates about the examinations for recruitment to the services for which they should enter or the appointments for which they should apply ;

(*c*) to advise candidates on any matters which might be of assistance to them in preparing for, or applying for admission to, examinations for recruitment to the services ; and

(2) that it will not be their function to press the claims of any individual candidates, who should submit their applications direct to the appointing authorities.

9. *Annual returns.*—With reference to paragraph 5 of the Resolution, the Government of India have prescribed two annual returns as in the model form attached. Subject to slight modifications of detail which may be decided upon in connexion with locally recruited services, the form should be suitable for all services to which the orders apply. Particulars in regard to each service should be furnished in this form each year, those due in 1935 being sent as soon as possible, and those due in subsequent years being sent so as to reach the Government of India in the Home Department not later than the 1st April.

10. *Non-observance of orders.*—Any appointment made contrary to the orders contained in the Resolution, read with the foregoing supplementary instructions, should be regarded as null and void and should be cancelled by the Head of the Department concerned as soon as it is brought to his notice through annual returns or otherwise.

OFFICE MEMORANDUM.

In continuation of the Home Department Office Memorandum no. F. 14|6|34-Ests. (S.), dated the 27th April 1935, the undersigned is directed to say that the Government of India are pleased to issue the following further instructions connected with the orders contained in the Home Department Resolution no. F. 14|17-B|33-Ests., dated the 4th July 1934 :—

(1) It is not the intention of the Government of India that in the locally recruited Central Services in any province the unreserved quota of vacancies should be formally divided among the various sections of the majority community, such as Brahmins, non-Brahmins and depressed classes. It is, however, desirable that in the vacancies available for Hindus as a whole there should not be an undue preponderance of any one section of the Hindu community. In all provinces the local Heads of Departments, in submitting the annual statements relating to communal representation, should show how many of the Hindu recruits taken during the year were members of the depressed classes. Further, in the statements furnished for offices of the Government of India in Madras, Bombay and the Central Provinces, Hindu recruits should be classified as Brahmins or non-Brahmins, and non-Brahmins should be further classified as non-Brahmins other than depressed classes and depressed classes.

(2) The position as regards Buddhists is that though they are in theory a distinct minority community, in practice they are so few and so backward that they are unlikely to provide recruits except perhaps for services locally recruited in Bengal. Hence the Government of India are not recognising them as a minority community for Services recruited on an All-India basis, but if in any locally recruited Service in Bengal it were found that Buddhist recruits were forthcoming, there would be no objection to taking such recruits in the quota of vacancies reserved for "other minorities".

SECRETARY TO THE HON'BLE THE RESIDENT IN MYSORE.

14/9/35

To

The Collector and District Magistrate,

Civil and Military Station,

Bangalore.

Dated, Bangalore, the 14th September *193* 5.

Subject.

Communal representation in locally recruited Central Services.

SIR,

I am directed to refer to the correspondence ending with your letter No.4622-A-35, dated the 4th September 1935, and to invite a reference to Express letter from this Residency to the Government of India, Foreign and Political Department, No.F.729-34/ R.O.I, dated the 16th February 1936, a copy of which was forwarded to you with endorsement No.F.729-34/R.O.I., dated the 18th February 1935 for your information and guidance. It will be seen that as the total annual figure for direct local recruitment to subordinate services is very small in the Civil and Military Station, Bangalore, it is difficult to work to any exact percentage figure, and that it is possible at present only to follow generally the intention of the rules laid down in the Home Department Resolution.

2. The annual Returns prescribed by the Government of India may be sent to this Residency on or before the 10th March each year.

I have the honour to be,
Sir,
Your most obedient servant,

o/c

for SECRETARY TO THE RESIDENT.

Copy forwarded to the

Assistant Commissioner of Income-tax,
Residency Surgeon,
Commissioner of Police, District

District and Sessions Judge and Registrar of Assurances,
Inspector of Schools, Coorg and Bangalore,
Officer in charge of the Resident's Treasury,
Civil and Military Station, Bangalore, for information and guidance.
